- As not all of our members are with us we want to do some of the pre-work but not set a final plan until our January, 2022 meeting.
- This is a chance to “Plan the Plan” as we are not a school nor true non-profit.

X. Current Advocacy Action Plan Review— (10 min. w/ Report Out (20 min.))

Planning our Plan:

- Discuss Strengths/Weaknesses of Previous Plan
- What do we want to do?
- How do we know we are doing it? How does stuff get done?

XI. Review of Mission, Vision, Principles, Goal, Objective Statements Additions or Subtractions—15 min. with/ Report Out (40 mins.)

Our Mission: To secure federal funding which reimburses eligible districts for tax revenue lost (for student programs) due to the federal government’s removal of land from the local tax rolls; such revenue to be used for the public education of students.

Vision: Secure **100%** funding for the 7002 program

Guiding Principles:

- 7002 Impact Aid Funds will be distributed in a fair and equitable manner
- Membership in 7002 will be expanded
- No decision will financially destroy or severely harm any district

Goal: Secure funding to increase the 2009 appropriations for Section 7002 to **\$104,208,335***, which would bring it to a funding level of one-third of our entitlement over the next ten years.

**Current funding (\$76M) + Ask in Biden Transition Memo (\$54M) = \$130M*

Working Lunch (90 mins. See Above Time Zone Schedule):
